PROFILE

Dedicated AI and Machine Learning student with a keen interest in building intelligent systems and extracting insights from data. Proficient in Python, Java, and modern development tools, with a strong commitment to continuous learning and innovation. Looking to contribute effectively in a collaborative and growth-oriented environment.

EDUCATION

2023 - 2027 **CGPA: 6.578**

B.E,CSE(AI&ML)

Sethu Institute of Technology

2022 - 2023

Higher secondary

CSI Pasumalai higher secondary school

PERCENTAGE: 54%

SKILLS

- Programming Languages: Python, Java
- Web Technologies: HTML, CSS, JavaScript
- Database: MySQL
- AI / Machine Learning: Machine Learning and Deep Learning, Data Analysis
- Tools & Platforms: GitHub, VS Code, Jupyter Notebook, MS Excel, Google Colab

PROJECTS

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

- Designed and developed a responsive personal portfolio website to showcase projects and technical skills.
- Implemented modern UI/UX design with interactive elements using JavaScript.
- Integrated contact section and optimized layout for multiple devices.

Smart Healthcare System using IoT

- Developed an IoT-based Smart Healthcare Monitoring System to track patient vital parameters such as heart rate, body temperature, and SpO2 in real time.
- Utilized sensors integrated with Arduino/ESP32 to continuously collect health data and transmit it via WiFi to a cloud platform.
- Designed a web-based dashboard for real-time visualization of patient health status and implemented alert notifications for abnormal conditions.

AI Aptitude Trainer

- Developed an AI-powered aptitude training platform using Python, HTML, CSS, and JavaScript to help users practice quantitative, logical reasoning, and verbal aptitude questions.
- Implemented performance tracking and analytics features to evaluate user progress, identify weak areas, and provide detailed score reports.
- Designed an interactive dashboard that delivers personalized learning recommendations and mock tests to improve placement and competitive exam preparation.

CERTIFICATIONS

- Certification on Introduction to Industry 4.0 and Industrial Internet of Things (SILVER) – NPTEL.
- Java Programming Certification on CodeChef, covering core Java concepts, OOP principles, and problem-solving fundamentals. Strengthened practical coding skills through hands-on exercises and programming challenges.

AREA OF INTEREST

- Artificial Intelligence & Machine Learning
- Web Development
- Software Development

HOBBIES

- Coding and Problem Solving
- Learning New Technologies
- Watching Technology and AI Content
- Create My Life journey Vlogs about studies
- Building Software Projects

STRENGTHS

- Quick Learner
- Problem Solver
- Self-Motivated
- Adaptable
- Responsibility

EXTRA CURRICULUM

- NSS Volunteer – Active participant in community service activities.
- YouTube Vlog Creator – Sharing my learning and self-development journey through vlogs.

LANGUAGES

- Tamil
- English

DECLARATION

I hereby declare that the information given above is true to my knowledge and belief.
